

HOW TO READ MULTI-ACUTE HOSPITAL SYSTEM PROFILES – FISCAL YEAR 2014

This sheet provides a brief introduction to the metrics on the multi-acute hospital system profiles. Definitions and notes on all metrics are available in the technical appendix.

Financial indicators of system affiliate
Operating revenue and net assets of the entity within the system.

Measuring year
The system's fiscal year for the data on this page.

Size of system
Operating revenue is a financial measure of an organization's size.

System's financial stability
Net assets is a measure of an organization's financial stability.

Descriptive metrics

Share of patient discharges and revenue
Bars show the system's proportion of total acute hospital inpatient discharges, inpatient revenue, and outpatient revenue in Massachusetts. Note that outpatient visits are not represented in this chart. See the technical appendix for more information.

Proportion of operating revenue
Circle size and the color of the band are based on the entity's proportion of the system's total operating revenue.

Consolidating eliminations
Intercompany transactions that are eliminated during the financial consolidation process.
